

WAY FINALLY CLEAR

Anthracite Coal Operators are Presumably Satisfied

DISPUTE, LONG STANDING ONE

During the Four Years of the Commissioners Existence, 159 Differences Between the Coal Operators and Their Employers Have Been Settled.

NEW YORK, July 15.—It is announced by the anthracite coal operators that the miners are at last presumably satisfied with the way they are being treated, and in support of this claim the fact is pointed to that at last, after four years of activity, the board of conciliation, created to settle disputes between men and employers in 1902, have at last a clean docket before them.

During the four years of the commission's existence 159 differences between the coal operators and their employes have been settled. The board itself has disposed of 132 of the cases, and an even division of the board has made it necessary to refer only 27 cases to an umpire. Of the grievances considered, only one was presented by the United Mine Workers of America as a body representing all the miners. Thirteen were presented by the operators and 146 by the miners. By the board's decisions, 29 cases were sustained, 115 not sustained or withdrawn, and 15 settled "through the influence of the board."

Long Live the King

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says, "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the proven remedy. Guaranteed by Charles Rogers, druggist, 50c and \$1. Trial bottle free.

INTERESTING MEET. For First Time German Oarsmen Are To Come To America.

NEW YORK, July 15.—Oarsmen are turning their attention to the national championships which will be held in Philadelphia on August 9 and 10. The news that Germany will be represented, the first time that men have been sent across the water in many years, is exciting interest and records are being hunted up and inquiries being made as to the speed of the men. Among those coming are:

Singles—Adolph Muller, Viking Club, Berlin; doubles—Carl Ernst and A. Von Gasa; four oars—R. Moeller, stroke; G. Goldammer, G. Hoffman and R. Boerger, bow; Hellas Rowing Club, Berlin.

A RACE TO AUSTRALIA.

NEW YORK, July 15.—A race to Australia as in the old days—but by steam not by sail—has just been begun from this port.

Two heavily laden freight steamers, one a German and the other British, are the racers. The former is the El Bring, which is in the service of the Tyser Line, and her rival is the Bolivian, of the United States and Australia line. There is a keen rivalry between these companies in sending freight to the Antipodes. The two vessels will make one of the longest ocean runs in the world, from here to St. Vincent, Cape Verde Islands, where they will coal, and thence around the Cape of Good Hope to Fremantle, West Australia. It will probably be 55 days before they reach Fremantle. The ships left this port Sunday within a few minutes of each other.

ATHLETE BREAKS RECORD.

NEW YORK, July 15.—Matthew J. McGrath of the New York Athletic Club, broke the world's record for throwing the 16-pound hammer from a seven-foot circle Sunday at Celtic Park, his distance being 175 feet and eight inches. If everything turns out to be correct, according to the rules of record-making, McGrath's throw wipes away the previous world's mark of 172 feet and 11 inches by John J. Flanagan, made on the same ground on July 31, 1904.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure.

PORTLAND MARKETS

Wholesale Price List as Reported Daily.

PORTLAND, July 15.—Just enough fresh fish are coming in to meet the demands of the trade, and at prices materially higher than those of last year. Dealers say that fishermen are getting wise, taking just enough from the river to meet requirements at remunerative prices. They say that if prices were cut fishing operations would come to a standstill. In warm weather the demand for fish falls off somewhat. This makes it possible for dealers to fill all orders now. Wild blackberries are selling at 12 cents a pound; very short so far.

WILL YOU BE OUR PARTNER IN A TRANSACTION?

We want to divide our profit with you in the purchase of a piano for your own home

You will have to admit that we know how (and do) to buy pianos right. Our enormous purchases of them each year makes rock-bottom wholesale prices necessary to us; and the same cause makes our factories willing to meet price conditions when we buy their instruments. Our shipping arrangements with the railroads are the most economical to be had. We have only to keep retail sales on an increase, to make money on what we saved by being big purchasers and shippers. That saving that we make by purchasing a thousand pianos (for forty stores) instead of one, is all we want. The rest is yours, and by taking advantage of our present pices, a fine new high grade piano will cost you mighty little money. You have our "Part-down-rest-later" plan to depend on if you do not care to be out all the cost of a piano at one time. New samples of several prominent makes were put in stock recently at our Astoria branch, 424 Commercial street.
